

# PESTATAK

**The Nova** is our most popular rigid flyscreen door kit, recommended for domestic and light commercial applications. It is available as components, kits or manufactured to order.

**Maximum Size** - We would recommend not to exceed (1300 x 2600mm)  
Optional extra

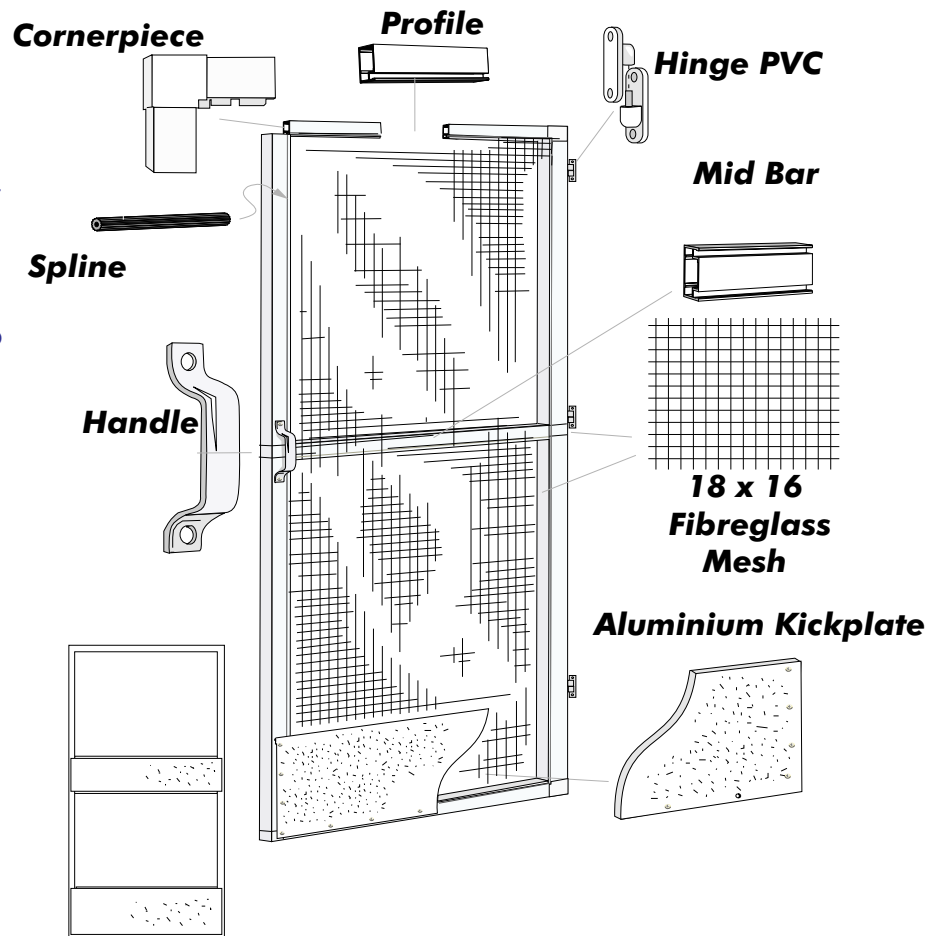

### Heavy Duty Option

A 'Heavy Duty' style Nova door may be manufactured to order, this includes additional midbars to fit a pushplate at the centre of the door. Magnetic catch is included.

### HOW TO Measure

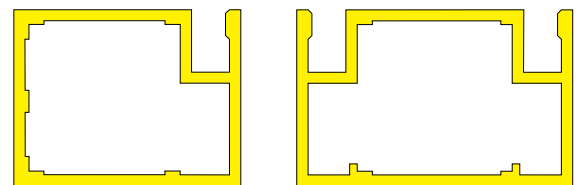

See measuring page.

*To buy custom made  
Nova door screens  
please visit our  
web shop at
